

### Build Your "Art smARTs" with smART Explorers

smART Explorers is Chicagoland's premiere art program for all ages! We bring our art experiences to you. Our programs are age appropriate and are facilitated by trained artists who promote a positive attitude and creative environment. All materials are included in these "ARTrageous" experiences.

smART Explorers programs align with National and State Standards for ART Education. Program fees vary by program type. We offer 30, 45 & 60 minute programs for ages 2 -seniors. Fees are usually paid by Parents, PTO/PTA or grant dollars.

For more information visit our web site at:

## Combining the Passion of Art with the Power of Imagination

smART Explorers provides an empowering art experience that supports each participant's individual style and provides the tools to take an idea from within and give it form. Participants will simply marvel at what they can do!

smART Explorers programs are packed with tons of exciting and engaging art projects. Participants will build their "Art smARTs" while being exposed to the amazing masters, history and techniques of art! smART Explorers will use different mediums and techniques to create masterpieces!

smART Explorers offers programs for: Toddlers/Mommy & Me, Preschools, After schools, Enrichments, Camps, In-school field trips, Artist in Residence, Teens & Seniors, Corporate Events, and Parties. Call 847.696.ARTS (2787) today! [www.smARTexplorers.net](http://www.smARTexplorers.net)

### Marbleizing Madness

Experience marbleizing techniques using different mediums. We will make our own paint, learn color mixing tricks. Use marbles, oil, water, dyes and shaving creme to create masterpieces!

### Wacky Watercolors

Join us as we learn to use different techniques of water coloring to make a wacky water color gallery. We will make a deep/light painting, a wash and wiggle painting, an oil pastel resist painting, and to complete our gallery, a salty sprinkle painting!

### 3-D Art

Close your eyes and let your fingers do the seeing! In 3-D art we will focus on our sense of touch. We will make homemade 3-D puffy paint, create textured masterpieces, Braille art, and finally make finger paint!

### Meet The Masters

Learn the stories and the techniques of the masters. We will make water lilies with Monet, paint like Van Gogh, collage like Matisse, and explore color with Edward Munch's famous "Scream" painting.

### Prehistoric Art

Humans have been expressing themselves through art for thousands of years. We will make our very own homemade paints and dyes from soil and berries, create cave paintings and make nature prints!

### Masquerade Parade

Come along as we explore the history and uses of masks! Learn how to express emotions using dramatic masks, make your own Mardi Gras mask to take home!

### Splitter, Splatter, Splat

Join us for some splitty, splattery fun as we make art works based on the works of Jackson Pollock. We will make a splattery spider web, and even paint with bubbles.

### Recycled Art

We will become recyclers as we use recycled items to make unique art projects. We will make a sculpture from packing peanuts, beads from junk mail, recycled rainbows and more....

### Imagine That

Learn all about art through imagination as we journey through the many inventions and art works of Leonardo da Vinci. We will use our creativity as we bring our inventions to life!

### Wonderfully Wild

Join us as we go wonderfully wild! Using dramatic puppet play, we take an adventure through the world of Maurice Sendak's classic book "Where the Wild Things Are". Make a monster puppet and use creativity to paint creatures from the book!

### Color Coded

Learn all about colors, and how the color wheel works. We will make a hide and seek picture, mix colors, and learn about primary, secondary, complementary, and analogous colors!
